See No. 1 and 2 for mail trains.

Religion.  
Rev. Mr. Spurrer, Louisville, will preach at the Methodist church in this city, to-morrow morning at 11 o'clock.

Rev. J. P. McFerrin will preach at the Presbyterian church at the usual hour.

Rev. J. B. West, D. D., will preach at Tarsus, near the residence of Dr. Marriable to-morrow (Sunday).

See Bankrupt notice of E. B. Lorton in another column.

B. F. COULTER has gone out to purchase his fall and winter goods.

The health of Clarksville was never better at this season of the year.

The gardens in and around the city are drying up.

We learn from a private letter that cholera has again disappeared from Erin, no new cases being reported there for several days.

The refreshing shower of rain last Tuesday night did a vast amount of good.

Our friend, Wm. A. White, of San Francisco, has our thanks for late California papers.

The agricultural fair of Summer county will begin the 15th of October, and continue four days.

The Simpson county agricultural fair will begin the 30th of September, and continue five days.

The Farmer's State Convention will assemble at Nashville Sept. 16, instead of the 15th as previously announced.

BRING IN YOUR ROOSTERS—the coop just east of Coulter's store is big enough to hold them all. No charge for storage.

REMEMBER Robert's sale of lots on the 22nd inst. He will offer a large number of lots upon very easy terms.

LEONARD, the famous auctioneer, will sell a choice lot of household and kitchen furniture on the 1st day of September. Sale will take place at Crumman's corner.

"A county clerk in this State refused to issue a marriage license because the man was only four feet high and the woman six."

"How is that for high?"

The incessant sound of machinery at our city planning mill indicates a rush of business. Life and activity is exhibited there from early morn until the whistle in the evening is sounded for rest. Success to all concerned.

The Clarksville & Princeton Railroad newly elected Board of Directors, will meet at the City Hall on Tuesday, August 19, for the purpose of electing a President, and other business.

L. FROELICH has some "good news" for the public this morning, call at his clothing store and hear what it is. He and Major Balthrop will take pleasure in imparting it, in their usual dignified and courteous style.

The Gallatin Examiner of the 9th inst. says:

"It is now about four weeks since the disappearance of Cholera. The health of the town is as good as the same season in any year, and rather better."

MUSIC SCHOOL.—Miss M. Ring's music school will commence the first of September, at her mother's residence near the M. E. Church. She is a worthy lady, fully competent, and we bespeak for her a liberal patronage. See her advertisement in to-day's CHRONICLE.

EXPRESS AGENT.—Mr. A. W. Poppe, from Humboldt, Tenn., has been appointed express agent, in this city, in place of Dr. B. M. Frouty. The company depend best to make some changes, having, as we learn no objections to the old employees.

We see in the Courier-Journal of the 11th, the report of an eloquent and classic sermon delivered in Louisville by Rev. J. B. West D. D. The sermon will surprise none who know his ability, but delight all who can appreciate the beauty of the sermon and the worth of the man.

JOHN O'BRIEN, has been selected by the newly elected board of school directors to take the scholastic population of the 12th district. Persons living outside of the city limits will facilitate the work very much by calling on him at the Recorder's office, and giving in their list.

MR. W. M. POLLOCK of this city, will, in a short time, take charge of the office of the New York Life Insurance Company at Nashville. Mr. Saml. Johnson will remain here and conduct the business of the firm of Pollock & Johnson. These gentlemen stand deservedly high as agents wherever known.

Irish mistake into which many have fallen, that the granges are organized merely to war upon railroads and for cheap transportation. They will make war upon railroad extortion and abuses, as well as upon those monopolies that buy up weak and competing lines, in order that extortion may be made easy and the robbery of the people more profitable to capital.

The granges also mean to dispense with middlemen and save the vast sums they absorb without rendering any equivalent. And to show how this effort is working, it is known to be the fact that granges in the north-west operating through their own agents and dealing only with the manufacturers, have paid forty per cent less for repairs than when bought of middlemen. They have also obtained sewing machines for less than half the price paid to agents of the manufacturers. Some southern granges have bought cotton bagging and tie fifty per cent cheaper from first hands than from middlemen.

Every farmer of ordinary intelligence will see from these few instances, how much he may save in all he has to buy, through a co-operative movement which proposes to pay no profits to those who now come between the farmer and the manufacturer, how much he may save by selling through competent agents, his products to consumers instead of speculators, and how much he may save by abolishing the credit system, a reform which is contemplated by the farmers' movement. It is slender to impute to the granges no higher purpose than a war upon railroads, when they embrace in their scope of action, everything that tends to the elevation of labor and the prosperity of agriculture, as well as everything that has a tendency to promote social and public virtue and to save, from the grasp of tyranny, a government once free, but now degraded by corrupt ricks and concentrated, ill-gotten capital and its powers directed to the curtailment of popular liberty and making honest labor subservient to an aristocracy of wealth.

We learn from the Memphis Ledger that the second grand Industrial Exposition of Memphis will commence on Wednesday, October 1st, and continue until October 31st. Since the last Exposition the building has been added to and improved. A new Floral Hall, with the latest improvements. The Board of Directors have telegraphed to Europe for an immense Orchestral, a musical instrument containing thirty brass pieces and costing \$8000. Its music is equal to the most powerful and best brass bands.

From reliable information we are led to infer that the return of cholera at Erin, was on account of a local cause and not as an epidemic. Some six or seven men were engaged in digging out the accumulation of leaves, etc., in the creek at that point, which emitted such a disagreeable odor as to make all sick who were engaged in the work. We also learn that this water containing this refuse matter ran into Mr. Boon's spring, and that all who drank from the spring have been sickened and died. All the negroes engaged in cleaning the creek have died save one, Ned Eldridge, who was brought here in a collapsed state on Thursday, of last week, and placed under treatment of Dr. Swift. We learn that he was able to sit up and eat last Wednesday, and is in fair way to get well.

REV. R. A. MASSEY has instituted a law suit for damages of character, against the committee of publication of a pamphlet entitled "Defence." The following named gentlemen, members of the First Baptist Church, in this city composed the committee: M. V. Ingram, F. F. Fox, W. L. Gardner, H. E. Beach, W. P. Keese, W. J. Ely, F. S. Smith, W. McComb, W. C. Barksdale and E. B. Ely. The claim for damages is put at \$25,000. Messrs. Bailey & Lorton and H. W. Tatts are counsel for the plaintiff, Messrs. Quarles & Daniel, House & Campbell and T. M. Riley, for the defence.

OUR worthy townsman, Thomas Smith, of the firm of Fox & Smith, has been suffering greatly of late, from several causes—having a finger badly hurt by a threshing, the effects of a wound he received during the war, and neuralgia of the head. We are truly glad to learn that he is better, and hope he may be speedily restored to good health.

A BARBECUE will be prepared at the shooting match which is to take place at the Fair Grounds on the 20th inst. The premiums offered for the best shots are sufficient to draw a large crowd of sportsmen and spectators. The managers are anxious for a good turnout on this occasion, as they promise much fun and enjoyment to all who may attend.

OAKLAND INSTITUTE.—Mr. Frank Johnson will open a high school, seven miles from this city, on the Russellville Pike, on the first Monday in September. Mr. Johnson is finely educated, and possesses the tact of imparting knowledge to his pupils.—Boardsing pupils, can be accommodated in the family of Mrs. A. L. Johnson. For terms, see advertisement.

THE pews for the Baptist church have been received and will soon be placed in the building, the painting, which is done in Gardner's best style, is about completed, and it is thought the house will be ready for use by the first of September. Our Baptist friends will then have a capacious, elegantly finished edifice for public worship.

THE fourth annual Industrial Exposition at Cincinnati will be held from September 3rd to October 4th, 1873. We have attended this Exposition several times, and believe it fully deserves all its claims. A nicely engraved cut, and description of the buildings will be found on the fourth page of our paper to-day.

As the fall and winter months are approaching, those of our citizens who prefer to be well shod should remember that John Middleton is still at his post ready to make any kind of boot or shoe they may want. Mr. Middleton does not make as much as to do about his work as most persons, but he can give you a boot equal to "any other man." Leave your order with him, at his shop over the clothing store of Pitman & Lewis.

KILLED BY LIGHTNING.—On last Wednesday morning about 9 o'clock, two brothers, Thomas and James Morris, were engaged spreading some heated wheat in an out house, when the building was struck by lightning, instantly killing Thomas and severely wounding James. They had locked the door of the house and were not discovered for nearly an hour after being struck, when James became conscious and called some of the inmates of the dwelling house, which was close by. We learn that James was able to be up the next day.

Last Tuesday night the lightning struck the residence of Mrs. Moore, splitting out a piece of wall-board near the fire place in the room occupied by Mr. J. Massey and his wife, stunning Mrs. Massey for a few minutes.

The old Baptist church was struck by lightning the same night, but little damage was done.

DROWNED.—Last Tuesday night Mr. Nat Trice, of New Providence, attempted to swim Cumberland river, near Corbendale, but gave out and was drowned.

CELEBRATION.—There will be a Sunday School Celebration and Barbecue at Mr. Curren church in this county, on Saturday, September 1st. The school at Williams Chapel will join in the celebration. The exercises will be deeply interesting, and much enjoyment may be expected by all who attend. The good people of that neighborhood never fail to put any undertaking through in the right spirit, to the enjoyment and satisfaction of all.

We return thanks to Mr. G. W. Hillman for a basket of peaches, grown on his Arlington orchard, Tennessee Ridge. Judging from so fine a specimen of fruit in the midst of a season so unfavorable, it is clear that his orchard is in decided success and we trust he will reap a liberal profit from the enterprise. If merit entitles one to success, no one has a better claim to it in its broadest sense.

THE Hook and Ladder boys moved their trucks, last Wednesday evening, into their new building, which is now nearly completed. The upper story, which will be ready for use next week, contains one of the prettiest little Halls in the State. This will be used by the Lodge of Good Templars in this city, for their meetings.

By reference to our announcement column, it will be seen that G. R. Harris is a candidate for re-election to the office of Mayor, and T. Jackson for that of Alderman from the second ward. Both these gentlemen have filled their respective offices to the satisfaction of the people, and both promise to continue to use their best efforts for the interest of city and citizens, if re-elected.

MR. C. H. Courts, an uncle of Mr. Calvin Courts, of this city, died of cholera, on the 5th inst., in Bowling Green, Ky. He was 74 years of age on the day of his burial, and had been a resident of Bowling Green more than thirty years. He was held in high esteem by all who knew him.

A waterfall 2000 feet high has been discovered in British Guinea by the Governor Survey of that colony. In 1870 the great Kaieteur Fall, 330 feet wide and 750 feet high, was discovered by the same gentleman, who has rendered many services to geographical science.

WE concur with our neighbor in his suggestion about ringing the church bells. It would certainly be of benefit to all church goers, (and we are glad to state that most of our citizens are of that class.) if a stated time could be agreed upon for all the bells to be rung at once. Then all could assemble, and services could commence immediately after the ringing of the second bell, and all confusion and delay be avoided.

DAVID T. BROWNFIELD, of Olmstead, Ky., was in the city last Wednesday, and lost a package of cotton goods, which cost him about \$25. The finder will confer a favor on him by leaving it at this office.

W. D. MERIWETHER, of the firm of Tuley, Ely & Co., has purchased the residence of B. O. Keese, formerly the Dunlap place, for six thousand dollars.

PRESIDENT WRIGHT is renovating the Female Academy, and is having the fences whitened, the grounds cleaned up, and will have everything in trim for the commencement in September. He is a very quiet man, but a real worker, and we hope and believe he will be fully compensated by a large and paying patronage.

TWO Paducah Kentuckians complain of the statement made by the CHRONICLE that ten deaths, from cholera, have occurred in that city. We do not recollect now, the authority upon which the statement was made. It is enough that it is a mistake—we never, intentionally, misrepresented facts, or opinions, and gladly adopt the language of the Kentuckian, in making the correction: "There has been no return of cholera since its disappearance last. Paducah never was healthier than it is now."

SPORT.—The shooting match will positively come off at the Fair Grounds on Wednesday, August 20th. The shooting will commence at 9 o'clock, A. M.—the birds and traps will be furnished on the grounds, and there will be a good barbecue and other refreshments. All sportsmen and lovers of fun are invited.

We to-day announce G. A. Ligon as a candidate for Mayor, at the October election. Mr. L. has been a member of the Board of Aldermen during the present year, and his course has been entirely satisfactory to those whom he represents. If elected to the office of Mayor, we are satisfied he will fill the position worthily.

THE gross receipts of the three entertainments by the Hook and Ladder boys last week amounted to \$278.10, net, \$176.45. This leaves them about \$100 to raise, to do which they intend giving other entertainments some time in September.

DEATH OF AN OLD CITIZEN.—We are pained to announce the death of Mr. CONRAD FRECH, father of our townsman Henry Frech, which occurred at his residence in this county, on the morning of the 15th inst. Mr. Frech was born in Germany in 1795, immigrated to this country in 1834, and came to this county in 1857, since which time, he has been a useful and highly respected citizen, having won many friends where he was best known. His funeral takes place at his late residence at 8 o'clock this morning, and his remains will be interred in the City Cemetery at this place.

DR. R. M. PROBYER returns sincere thanks to all for the general kindness shown him whilst acting in the capacity of express agent.

HOUSE WANTED.—A house convenient to the Square, suitable for a very small family. Any one having such a house can find a tenant by calling at this office.

OFFICIAL returns in Weekly county, show a vote of 1,006 against and 412 for the school tax—majority against the tax, 593.

FOR SALE.—A fine Essex Sow and nine young pigs. For further particulars apply at this office.

CHAS. LEHMAN, at Roth's old stand, has a first-class restaurant and saloon, where he keeps all the delicacies of the season, both in the eating and drinking line.

S. O. W. BRANDON is still running his lively stable on Third street, and is ready and willing to furnish horses or vehicles to all who wish to ride or drive.

THE Lebanon Herald says: "There are now living in the lower portion of Wilson county two old ladies who are twin sisters and nearly one hundred years old. Singularly enough, both are affected in precisely the same manner. Both are totally blind, almost entirely deaf, and nearly helpless physically."

REV. J. B. SHEARER, D. D., the President of Stewart College was in our town yesterday on a visit to his brother Rev. Mr. Shearer of this place.

Under President Shearer's management Stewart College is fast obtaining a fine reputation. In addition to the College course, which is of the highest grade, a Biblical course is added enabling students to prepare for the ministry. The number of students in the last session was 115.—Gallatin Examiner, 9th.

A MEETING of the Board of Trustees of Clarksville Female Academy, will be held at 4 o'clock, P. M., Monday, Aug. 18th, 1873, at the office of the Pres. Rev. J. M. Wright.

J. COBB, Pres.  
Board of Trustees.

ATTENTION GYMNASIUM.—A meeting of the Clarksville Gymnasium Association is hereby called to meet at the County Court Clerk's office, on Tuesday night August 19th, 1873, at 8 o'clock P. M., for transaction of important business.

By order of  
W. A. SETTLE, Pres't.  
ALEX. DAVIDSON, Sec'y.

EDITORS CHRONICLE.—As the time approaches for the election of a new Board of Aldermen, it affords us great pleasure to point to our old friend, Wm. Ferrell, of the third ward, who has done more for us in the third ward than any other man we ever had. With a little assistance from the Mayor and Mr. Carrick, he has done, and is doing a great deal of work which has been needed for forty years. If Mr. Ferrell will suffer his name to come before the people of the third ward, he will not miss twenty votes in the ward. Let us hear from him next week.

ONE WHO KNOWS.

EDITORS CHRONICLE.—I notice in your last issue, a call on me to become a candidate for Alderman in the third ward. I have ever tried to discharge my duty as an officer, and if the voters of the 7th ward choose to elect me, I will serve them to the best of my ability.

Respectfully,  
T. H. JACKSON.

IR W. M. KERR will accept the position of Alderman of the 1st ward, he will be cordially supported by its voters.

MISS M. RING'S MUSIC SCHOOL will commence the first of September.—Terms as heretofore. Tuition monthly in advance, and no deduction unless for protracted illness. Pupils will be received for the full term of five months.

COL. N. BRANDON, Senator of this District, appointed George N. Whitfield, of Montgomery county, lecturer to a Scholarship in the East Tennessee Agricultural University, situated at Knoxville. Mr. Whitfield came highly recommended by the Hon. Mr. Brandon, and is a worthy young man. Col. Brandon has the privilege of making another appointment in the District, each Representative has the privilege of appointing three from his county to a Scholarship in the University. This is a good opportunity for some of our young men, who should avail themselves of it.—Dover Record, 8th inst.

BENEFICIARY Scholarship for the 17th Senatorial District of Tennessee.

The trustees of the Louisville Medical College, having created in perpetuity, one beneficiary scholarship, annually, for each Senatorial District of the State of Tennessee, in behalf of one deserving young man who is peculiarly unable to obtain a medical education; and authorized me to appoint such a young man from this Senatorial District, therefore, if there is any young man in this Senatorial District wishing to avail himself of this rare chance of getting a medical education, he can do so by bringing me the necessary evidence that he is a man of good character, and I will gladly make the appointment.

N. BRANDON,  
Senator 17th Dist. of Tenn.

A meeting of 200 farmers at Lawrence, Kansas, resolved: "That all other things being equal, we recommend farmers to sell their wheat to parties who intend to manufacture the same into flour for home consumption, preventing as far as possible the payment of railroad freight to and from St. Louis by the consumer at home, on wheat raised in his own country."

THE Gen. Ticket Agent of the St. Louis and Southeastern Railroad, W. J. Davidson, proposes to give the liberal rates of fare to the Cedar Hill Camp Meeting, which have ever been given before. The meeting will commence next Friday night.

TO BUSINESS MEN.—The CHRONICLE now circulates through all the adjacent county which, in a commercial point of view, is sought after by every enterprising business man in every department of trade. As an advertising medium it presents all the advantages and facilities afforded by any publication that has the interest and welfare of our people at heart. Bear this fact in mind when you wish to advertise your wares and merchandise, and also remember that a business man cannot lose anything by constantly reminding the people that he has goods to sell. To inform buyers where they can obtain their supplies is an accommodation to them as well as beneficial to the seller. The benefits conferred are mutual. Persistent, judicious advertising always pays, and will continue to pay, as the experience of the best business men in the country fully verifies. Of course we seek to benefit the press in what we say, but selfishness alone does not prompt us, in carrying out this suggestion mutual benefit accrues to all.

TO OUR SUBSCRIBERS.

In accordance with the new postal law, on and after the first of July those of our subscribers who receive the CHRONICLE from the post-office in Montgomery county, will be required to pay postage, five cents per quarter, in advance at the office where they receive it. Subscribers in the city, who have had their paper delivered at the post-office, can save the postage by having their paper put in our delivery box in the CHRONICLE office. We will change the names to our office delivery, of all who request it.

Postmasters will please notify us, at once, of any subscribers who refuse to take the paper out, and also, of any who fail to take it out for a month. We are aware that the law requires this of postmasters, and only recur to it as a reminder.

JOHN MULIGAN, the well known minstrel performer, died in New York on the 28th ult., of pneumonia. He was the original "Bob Ridley."

MARRIED.

In this county, on the 9th inst., Mr. BENJAMIN F. CLARK, aged 37 years.
